

INFINI

POST CARE

- Avoid **HOT SHOWER** or **SAUNA'S** after the treatment (gentle washing only)
- Apply a moisturizing cream in the morning and evening may help reduce swelling and redness
- **DO NOT** forcibly scrub or remove epidermal debris. Please leave them to exfoliate naturally
- **NEVER USE** scrubbing agents or exfoliants
- **AVOID** using alcohol-based cosmetics for at least 2 weeks after the treatment
- **USE** moisturizing agents frequently
- **AVOID** vigorous activity, alcohol consumption, exercise and sauna for 1 week
- **APPLY SUNBLOCK** regularly when outdoors (always use umbrella, cap or any other protection against sunlight as UV from the sun, even on a cloudy day, may cause hyper pigmentation of the treated area.

In case of any redness or irritation please do not hesitate to call 17811111.
